

SQL Question 84

CREATE TABLE Query:

```
CREATE TABLE customers (  
    id INTEGER PRIMARY KEY,  
    name VARCHAR(50),  
    phone VARCHAR(20),  
    visited_on DATE,  
    amount INTEGER  
);
```

INSERT INTO customers:

```
INSERT INTO customers (id, name, phone, visited_on, amount) VALUES  
(1, 'Julia', '1234567890', '2015-05-01', 100),  
(2, 'Samantha', '1234567890', '2015-05-02', 200),  
(3, 'Julia-Samantha', '1234567890', '2015-05-03', 300);
```
